1.1 WHAT WENT WRONG

I GUESS MY MAIN STRUGGLE WAS IN MANAGEMENT. TEAM GATHERING AND COLLECTIVE WORK WAS NOT ALWAYS ON A HIGH LEVEL, EVEN ALL MEMBERS WERE TRYING TO DO THEIR BEST IN COOPERATION. OUR ASSIGNMENT 8 WENT COMPLETELY WRONG, TESTING TOPIC WAS COMPLICATED AND WE COULDNT COME TO MUTUAL OPINION

1.2 WHAT WENT RIGHT

OUR TEAM WAS GUITE GOOD AT ALL DESIGN IMPLEMENTATION(PROTOTYPES, SCREENSHOTS, USE CASE DIAGRAMS AND ETC)

1.3 LESSONS LEARNT

USE CASE AND SEQUENCE DIAGRAMS, DOCUMENTATION REQUIREMENTS

2 Team Member 2: <<Tagzym>>

2.1 WHAT WENT WRONG

Design. When I was working on prototypes and implementing them, I had some troubles with icons and pics. They all placed wrong and not fit. The problem was in Layouts.

2.2 WHAT WENT RIGHT

HOWEVER, AT THE SAME TIME IN DESIGN, WHEN I WAS WORKING AT BUTTONS IT ALL WENT RIGHT.

2.3 LESSONS LEARNT

ALL TOPIC ON DESIGN WERE DEEPLY LEARNT. WITH DETAILS AND SPECIAL OCCASIONS, HOW TO SOLVE, CREATE AND IMPLEMENT IT RIGHT

3 Team Member 3: <<Abay>>

3.1 WHAT WENT WRONG

Android Libriaries. It has huge amount of them, and to know and easily work with them is a big struggle. Also. time lack is a problem that was with me all the time, because of that some tasks and work were not finished due to deadline and took much extra time.

3.2 WHAT WENT RIGHT

OUR TEAM DID A GREAT JOB, WE ALL WORK AS A TEAM AND EVERYONE WAS WORKING AND THEIR PARTS AS IT WAS PLANED. COOPERATIVELY AND PRODUCTEVELY.

3.3 LESSONS LEARNT

NEW WAYS OF DESIGNING AND CREATION. I HAVE LEARNT PLENTY NEW OF THEM WHICH HELPED ME TO ADD SOME MORE FUNCTIONALITY.

4 Team Member 4: <<Miras>>

4.1 WHAT WENT WRONG

Of cource, the lack of time. Not all the tasks and goals were done as they were planed because of huge amount of extra work(quizes, assignments, project and etc.)

4.2 WHAT WENT RIGHT

DESPITE OF THE LACK OF TIME, OUR TEAM WAS VERY HARWORKING. SHARED RESPONSIBILITIES WERE DONE SOMEHOW, EVERYONE WAS INVOLVED TO WORK. MY MEMBERS WERE VERY HELPFUL DURING THE SEMESTER.

4.3 LESSONS LEARNT

Learnt some new layouts, frameworking like laravel and etc. Helped to rise functionality of our projects.

5 Team Member 4: <<Temirlan>>

5.1 WHAT WENT WRONG

Much of extra work were disturbing. Assignments, quizes were distracting me from the main goal and task, I mean the project itself.

5.2 WHAT WENT RIGHT

HOWEVER, WE TRIED TO DO OUR BEST AND WORK ON THE PROJECT AND AT THE SAME TIME TO SOLVE OTHER EXTRA TASKS.

5.3 LESSONS LEARNT

I HAVE LEARNT HOW TO WORK ON RESULT. DO ALL THE TASKS AS IT SHOULD AND HOW TO COPE WITH PROBLEMS AND ISSUES WITH TEAM TOGETHER.
